

DECODE LAB

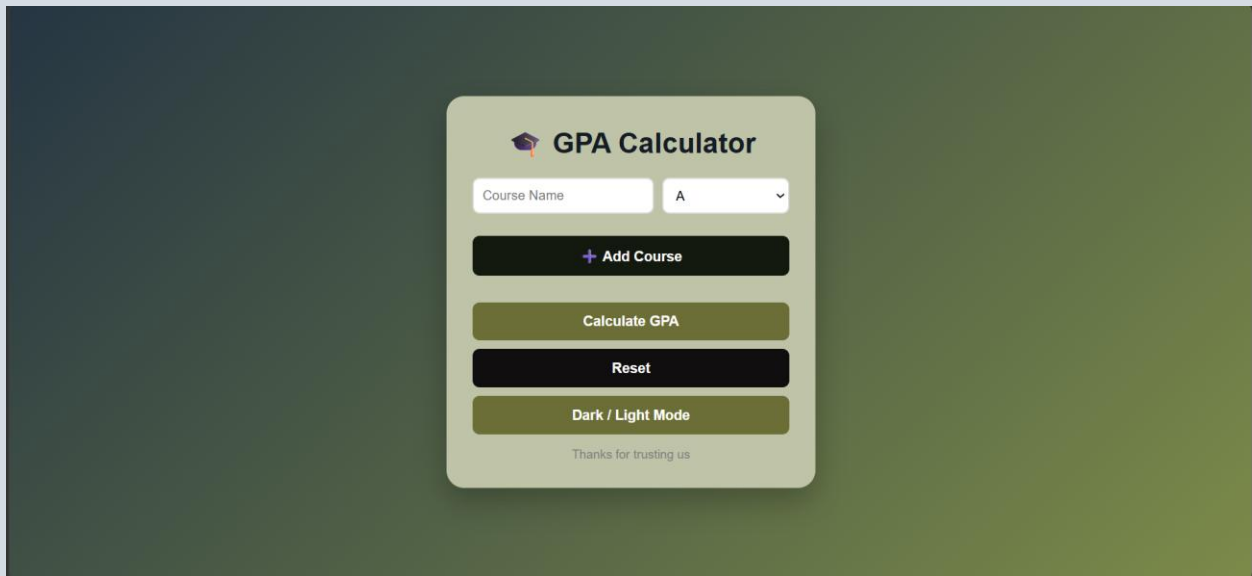

WEEK 3

GPA CALCULATOR USING JAVASCRIPT DOM

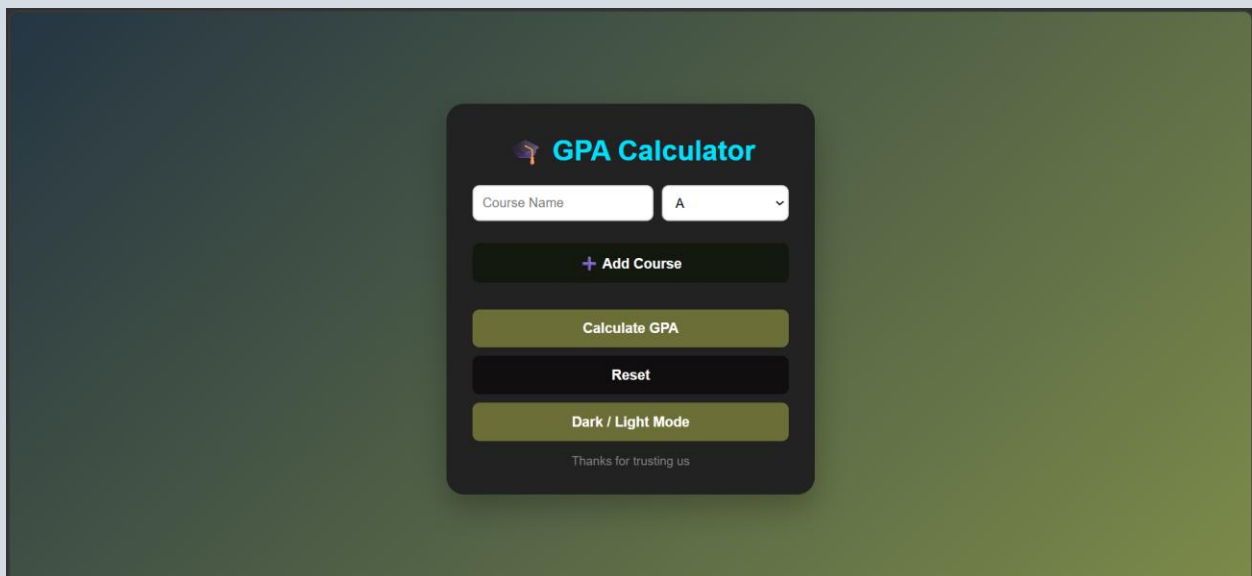

By : Fatima khan([linkedIn](#))

OUTPUT:

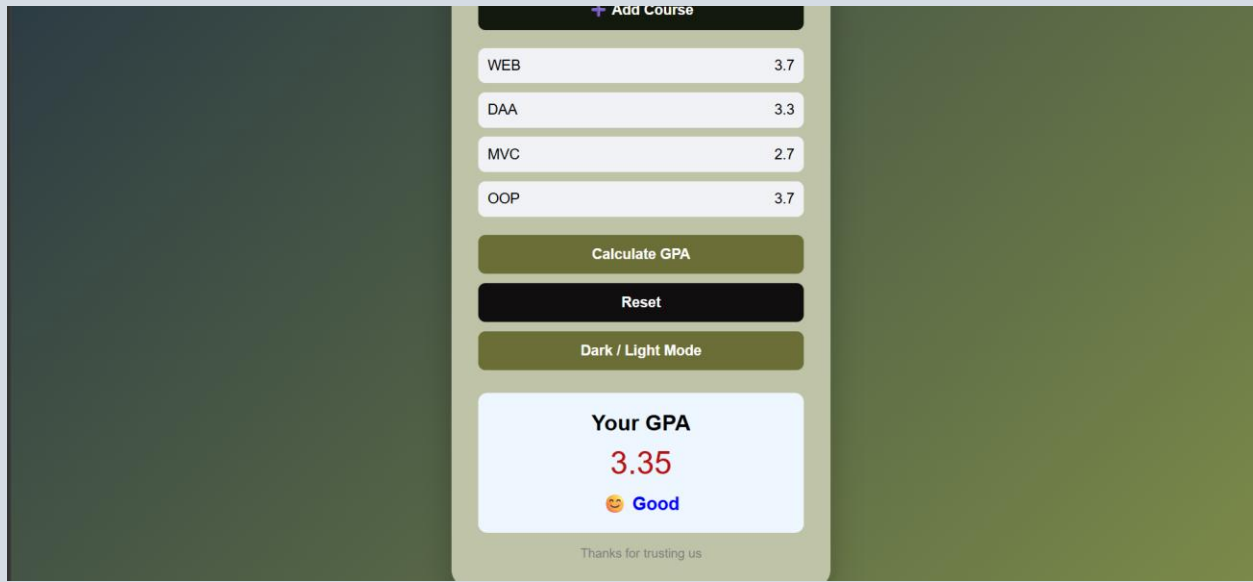

Light mode:

Dark mode:

After calculation:

The screenshot shows a mobile application interface for a GPA calculator. At the top, there is a dark green header with a plus icon and the text "Add Course". Below this, there is a list of courses with their respective grades: WEB (3.7), DAA (3.3), MVC (2.7), and OOP (3.7). Each course name is in a light green box, and the grade is in a white box. Below the list, there are three buttons: "Calculate GPA" (green), "Reset" (dark green), and "Dark / Light Mode" (green). At the bottom, there is a white box with the text "Your GPA" in bold, followed by the value "3.35" in large red font, and a smiley face icon followed by the word "Good" in blue. At the very bottom, there is a small text "Thanks for trusting us".

CODE:

HTML:

```
</head>
<body>

<div class="container" id="box">

<h1><img alt="graduation cap icon" data-bbox="158 585 175 600"/> GPA Calculator</h1>

<div class="subject">
<input type="text" id="course" placeholder="Course Name">

<select id="grade">
<option value="4">A</option>
<option value="3.7">A-</option>
<option value="3.3">B+</option>
<option value="3">B</option>
<option value="2.7">B-</option>
<option value="2.3">C+</option>
<option value="2">C</option>
<option value="1">D</option>
<option value="0">F</option>
</select>
</div>
```

```

<button class="add" id="addBtn">+ Add Course</button>

<div id="subjects"></div>

<button class="calculate" id="calculateBtn">Calculate GPA</button>

<button class="reset" id="resetBtn">Reset</button>

<button class="theme" id="themeBtn"> Dark / Light Mode</button>

<div class="result" id="result">
<h2>Your GPA</h2>
